Verifying Clipsmash

[00:00:03]
If you have downloaded clip Smash for the free trial, you will notice there are a couple of verification steps we need you to take before using clip smash.

[00:00:12]
We ask for your e-mail to help us verify that you are not using a fake e-mail.

[00:00:17]
Add your e-mail here and click request a registration code.

[00:00:22]
Check your inbox of the e-mail that you just entered.

[00:00:25]
You should have received an e-mail from noreply@clipsmash.io.

[00:00:30]
Check your spam folder if. you do not see this email.

[00:00:33]
In that e-mail you will see a validation code.

[00:00:37]
You can type the code directly into clip Smash, or you can select and copy that code and paste it into the field.

[00:00:43]
Now click the register button.

[00:00:46]
You will next be prompted to accept the terms and conditions.

[00:00:50]
You can go and read through those on your own.

[00:00:52]
We will accept and click the complete registration button.

[00:00:56]

This will verify your machine and start your 7 day free trial.

[00:01:00]
